The special feature of this Wine is that it is fermented juice of the grape solely, without the addition of candy, syrup, or liqueur o A DRY CHAMPAGNE to be palatable must be made of the finest raw material.-A SWEET CHAMPAGNE can be made of almost any material. The excessive quantity of sugar in the latter masks completely its original

character. NATURAL CHAMPAGNE will agree withpersons to whom the Sweetened Champagnes are injurious, it is a true stimulant to mind and body, rapid, volatile, transitory, and harmless. This Natural Champagne is recommended as being really dry, not by means of artificial additions, but because in it, the natural process of fermentation has been completed.
